

## Cabinet Accessory - Blanking Panel

Airflow management and heat mitigation are two major concerns in every data center. The best way to ensure cabinets provide the best possible heat mitigation is to block off any unused cabinet spaces with Blanking Panels. The Inova Blanking Panels are designed to provide our customers with a low cost, high-quality airflow management solution.

### PRODUCT APPLICATIONS

- Low-density applications where there are extra spaces in the front of a cabinet
- Any application where airflow and heat mitigation are a concern

### PRODUCT FEATURES

- Engineered from high-quality, rigid plastic
- Toolless snap-in design makes installation quick and easy
- Universal usage fits with any brand cabinet that is 19 in and EIA-310E conformance
