

## Cabinet Accessory - Vent Skirt

Airflow management and heat mitigation are two major concerns in every data center. The gap between the cabinet frame bottom and floor is easy to be ignored during airflow management. Inova provides a series of products that can seal this gap. The Vent Skirt is with a magnet strip which can be toolless installed at the cabinet frame bottom. Standard Vent Skirt is compatible with Inova cabinet. Inova also provides customized Vent Skirts for other brand cabinets.

### PRODUCT APPLICATIONS

- Seal the gap around the cabinet
- Any application where airflow and heat mitigation are a concern

### PRODUCT FEATURES

- Engineered from high-quality, rigid plastic, also UL94-V0 fire rating
- The installation of toolless magnet makes it quick and easy.
- Fit with Inova cabinet
- Can customize to match with different size of cabinets
